

State file ,Configuration File & Terraform Azure Cli .ye sabh chitu ke laptop

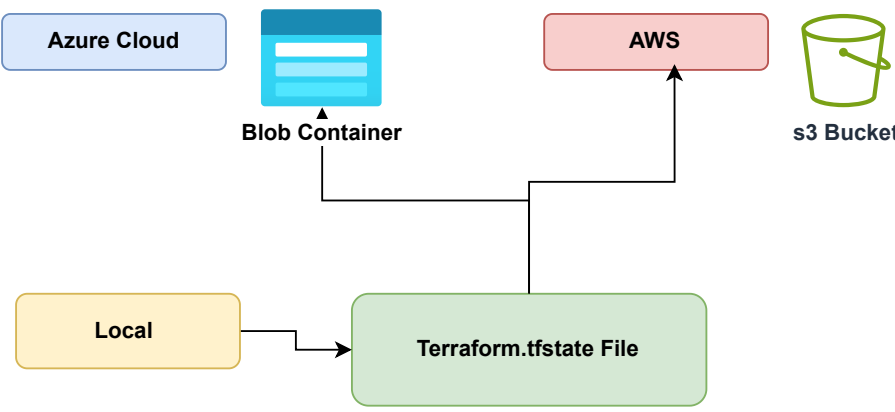

Problems

- 1-jis bhi candidate ke computer pr sabh kuch hai..agr leave lele ya naukri chhod di aur laptop kar ke de dia
- 2-agr Team me kaam ho rha toh local pr kuchh bhi agr rakhha hai toh baki team members honge unko access nhi kar payenge

Aaj Ki class ka Mudda kya hai

- Local state file ko remote pr jane ke process ko Remote state management Bolte hai(Backend )
- 2.Local State file ko le jane ki vidhi ko Backend Bolte hai(Backend Block )
